# Unlock the Door to Government Funding

**FREE Workshop**

**No confusion, just facts.**

***Do you want to take advantage of the numerous government programs but not sure where to start? Confused about how to get the best advice for your business?***

***Companies can obtain up to \$28,000+ in government funding through business reviews and the various programs available through the Australian Government.***

Join Townsville Enterprise, TREC and Enterprise Connect and find out about the programs available, the maximum amount of funding you can receive and how this funding can help your business to reach the next level. Enterprise Connect acts as the conduit to grow all facets of your business including; stock management, quality systems, human resources, financial management and more.

Experts will be guiding you through the funding available in the following areas -

## **General Funding for Business & Manufacturing**

Ideal for all business sectors, the session will provide information on the funding available through business reviews and highlight opportunities for those in the manufacturing industry.

## **Clean Energy Funding**

Aimed at companies working in the sustainability and green business industries, Enterprise Connect will provide an outline of the Clean Energy Innovation Centre scheme and examples of actual assistance packages which have been provided to client companies.

## **Defence Industries Funding**

Enterprise Connect will provide advice on working in the defence sector and funding packages available to those entering into the industry including information on contacts, compliance, export opportunities and networks.

## **Mining & Technology Funding**

As well as assistance with accessing funding, this session will provide vital information for those operating within the mining, oil and gas technology and services fields to improve their business processes, test new products and find new markets

## **Creative Industries Funding**

Any design or creative firms can apply for funding through creative industries across many sectors including; media, graphic design, architecture, engineering design and many more.

## ***Want Proof? Here is what one local business had to say about Enterprise Connect -***

A Business Review Report conducted by Cathy Morato of Enterprise Connect in December of 2009 helped identify areas to be addressed. More importantly, we were also informed of valuable government assistance in a number of new areas to which we were entitled and of which we had no prior knowledge. With the assistance and guidance provided by Enterprise Connect, and financial assistance provided by the federal government, we are confident that our company will continue to grow and prosper well into the future."
